Dear Resident:

The City is working on improving pedestrian, bicycle and automobile safety throughout the community. You are receiving this letter because the City will be installing signage to improve neighborhood safety on currently used bicycle routes in your community. The routes include Perkins Way and Brookside Blvd. NE in the northern part of the city and NE 160th to 165th Street in the south.

The City will be making these routes safer for bicyclists and motorists by installing directional signs and sharrows (bicycle symbols stenciled on the road) in 2010. This additional signage will promote public safety by alerting motorists of the potential presence of cyclists. These routes were identified by the Lake Forest Park Transportation and Community Services Commissions based on current usage and recognizes that these routes are already on some regional maps.

A map of the routes is on the back of this letter. We appreciate your support for improving safety in our community. If you have any additional questions or comments, please contact Tema Nesoff, Community Services Manager, at 206-368-5440.

Sincerely,

David R. Hutchinson, Mayor
