

ORDINANCE NO. 983

**AN ORDINANCE OF THE CITY OF LAKE FOREST PARK,
WASHINGTON, ESTABLISHING A TRANSPORTATION
BENEFIT DISTRICT, SPECIFYING THE BOUNDARIES
FOR THE TRANSPORTATION BENEFIT DISTRICT, AND
SPECIFYING THE MAINTENANCE AND PRESERVATION
OF EXISTING TRANSPORTATION IMPROVEMENTS.**

WHEREAS, the City Council of the City of Lake Forest Park has the responsibility under the Constitution of the State of Washington for the improvement, maintenance, and protection of public ways within the corporate limits of the City pursuant to RCW 35A.11.020 and Chapter 35A.47 RCW; and

WHEREAS, the improvement, maintenance, and protection of public ways requires maintaining and preserving existing transportation improvements to avoid catastrophic failure of the improvements which would require significant additional funds to reconstruct; and

WHEREAS, the number one priority in the “Washington Transportation Plan for 2007-2026” adopted by the Washington Transportation Commission is to preserve and extend prior investments in existing transportation facilities and the services they provide to people and commerce; and

WHEREAS, the “Washington Transportation Plan for 2007-2026” identifies in Section II that there is no more fundamental transportation investment than existing system preservation – keeping the physical infrastructure in safe and efficient operating condition; and

WHEREAS, the investment principles from the Puget Sound Regional Council “Destination 2030 Metropolitan Transportation Plan for the Central Puget Sound Region” states that the first priority should be to maintain, preserve, make safe, and optimize existing transportation infrastructure and services and Regional Transportation Policy 8.3 identifies the importance of maintaining and preserving the existing urban and rural transportation systems in a safe and usable state; and

WHEREAS, the City has limited transportation funding to pay for necessary transportation preservation and maintenance; and

WHEREAS, the funding dedicated for the preservation and maintenance of the City’s transportation infrastructure has been dramatically reduced due to the 2003 loss of King County Local Vehicle License fees (28% revenue reduction) and the ongoing annual decrease in Gas Tax revenues (0.8% annual reduction for past seven years); and

WHEREAS, while dedicated revenues have decreased, the ongoing annual costs to preserve and maintain the City's transportation infrastructure continue to rise leaving the City unable to continue to adequately preserve and maintain the City's transportation infrastructure; and

WHEREAS, Chapter 36.73 RCW provides for the establishment of transportation benefit districts and for the levying of additional revenue sources for transportation improvements within the district that are consistent with existing state, regional, and local transportation plans and necessitated by existing or reasonably foreseeable congestion levels; and

WHEREAS, RCW 35.21.225 authorizes the City Council to establish a transportation benefit district subject to the provisions of Chapter 36.73 RCW; and

WHEREAS, the City desires to form a Transportation Benefit District which includes the entire City of Lake Forest Park as the boundaries currently exist; and

WHEREAS, prior to establishing a Transportation Benefit District, the City Council shall conduct a public hearing upon proper notice, which shall describe the functions and purposes of the proposed Transportation Benefit District; and

WHEREAS, the City provided notice of and conducted the public hearing on the proposed establishment of a Transportation Benefit District in accordance with RCW 36.73.050; and

WHEREAS, the City Council of the City of Lake Forest Park finds it to be in the best interests of the City to establish a citywide Transportation Improvement District for the preservation and maintenance of the City's transportation infrastructure consistent with Chapter 36.73 RCW, to protect the City's long-term investments in that infrastructure, to reduce the risk of transportation facility failures and improve safety, to continue optimal performance of the infrastructure over time, and to avoid more expensive infrastructure replacements in the future; and

WHEREAS, the City Council of the City of Lake Forest Park shall establish a governing body for the Transportation Benefit District comprised of the City Council acting in an ex officio and independent capacity; and

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAKE FOREST PARK, WASHINGTON, DO ORDAIN AS FOLLOWS:

Section 1. Purpose.
