Passport Services – What is REAL ID?

You may have heard of REAL ID. It's a U.S. law established in 2005, requiring all states to comply with new identification standards for air travel and entrance to some federal facilities like military bases. Here's what Washington residents should remember: ID2020. That's right, REAL ID starts on October 1, 2020, and www.ID2020WA.com provides all the details you'll need to prepare.

III. Council Information

Shoreline Management Program (SMP) Update – The Planning Department has been working with The Watershed Company (TWC) this year on the periodic review and update of the City's SMP. Since the May 22nd open house, TWC has been focused on preparing draft amendments. The amendments are mainly related to updating the Critical Areas regulations in the SMP so that they are consistent with the Critical Areas regulations for the rest of the city which were updated in 2017. The goal is to achieve City and Department of Ecology adoption of the amendments by the end of the year.
